

Coalition Form

Thank you for your interest in partnering with Growing Resources and Opportunity for the Workforce in Illinois (GROW-IL). We are a coalition of a diverse group of business, labor, construction, transportation and agricultural organizations focused on enacting common sense hydraulic fracturing legislation in Springfield. The GROW-IL coalition is led by the Illinois Manufacturers' Association, Illinois AFL-CIO and the Illinois Petroleum Council and includes more than a dozen statewide organizations supporting public policy that creates jobs for working families, incorporates strong regulations on industry while protecting local communities and the environment and generates millions of dollars in revenue for the state annually.

GROW-IL believes utilizing existing energy resources will reduce the reliance on foreign sources of energy while business, labor and consumers will benefit from low-cost energy for decades to come. By joining today, you will be a voice for enacting common sense hydraulic fracturing legislation in Springfield.

Please be advised that your membership with GROW-IL is entirely voluntary and, therefore, your association with us confers no legal rights or obligations on your company with respect to the internal governance of the coalition. You may end your membership and have your organization's name removed from the website at any time.

Thank you for your support and welcome!
